

PRACTICAL INFORMATION

1. PROGRAM CONTENT AND ORGANISATION

- The aim of the course is to provide evidence-based theoretical teaching as well as practical information about the diagnosis and treatment of hematological disorders.
- The program is mainly based on the clinical hematology curriculum.
- The course is designed as a 2-year cycle including 7 seminars per year, each covering a major theme of hematology.
- Each seminar is divided into 4-6 topics (depending on the seminar) related to the main theme. Each topic has been carefully determined according to the EHA CV Passport.
- Seminars will take place via the online meeting tool Zoom on Saturday mornings from 9:00 to 13:00, with a 30-min coffee break.

2. REGISTRATION

- Attendance to the seminars is free for BHS members, including trainees. The course is mainly designed for trainees in hematology but clinical biologists are more than welcome.
- Trainees in hematology (particularly years 4, 5 or 6 of Internal Medicine) or in Clinical Biology are invited to register on line on the BHS website at the beginning of the 2-year cycle. It is allowed to start with either seminar 1 (year 1) or seminar 8 (year 2).
- Other BHS members are welcome to attend the course without previous registration.
- A fee may be requested from non-BHS members.
- In order to further improve the seminars, attendees will also be asked to complete online evaluation forms. directly after each seminar
- How to register? Simply click on: <https://eu.eventscloud.com/bhs-courses2023-2025>

3. TEACHING MATERIAL

- PowerPoint presentations and recordings will be available online after each seminar. Trainees and BHS members are also encouraged to use the EHA Confolio, a social Network designed to interact with other hematologists and exchange scientific teaching material.

4. EVALUATION & CERTIFICATION OF TRAINEES

- An examination will take place every year in June, covering the seminars of the last 2 years. The examination will consist of a multiple-choice questionnaire based on the questions provided by each speaker.
- It will mainly focus on the clinical hematological knowledge.
- An official certificate of qualification will award the successful trainees if they have passed the examination with at least 60% (50% for biologists).
At present, the heads of the hematology departments of our universities are free to endorse the BHS examination as their official end of training examination. In the future, this examination may become an official requirement for obtaining the special competence in hematology.

Educational Courses 2023-2025

For continuous professional development
and enhancing knowledge in hematology.

FOREWORD

The BHS training course and seminars have been offered for many years to individuals interested in the practice of clinical and laboratory hematology.

Over the past years the BHS training course and seminars were a great success. Each two years the Board of the BHS tries to adapt the BHS training program in order:

- To provide up-to-date continuous education to clinical and laboratory hematologists in training, experienced hematologists as well as to other interested individuals.
- To match the European requirements, published by the EHA as the “EHA CV passport” (<https://ehaweb.org/education/european-hematology-curriculum/>) and endorsed by the national societies.

In this brochure you will find the 2023-2025 program as well as practical information on the course organisation, registration, teaching material, evaluation & certification of trainees.

Looking forward to meeting you at the seminars!

Prof. Dr. Marc André
BHS President

NEW: ONLINE COURSES only (via ZOOM)
Each course will take place online only via the Zoom meeting tool on Saturday mornings from 09h00 - 13h00. The course material will be made available as soon as possible after the course on the BHS website.

FIRST YEAR 2023-2024

- 14 OCTOBER 2023 SEMINAR 1: LABORATORY HEMATOLOGY**
Coordinators: Dr. Helena Devos (AZ Sint Jan) & Dr. Pierre Heimann (HUB Erasme)
- 18 NOVEMBER 2023 SEMINAR 2: RED BLOOD CELL DISORDERS**
Coordinators: Dr. Benjamin Bailly (Jolimont Hospital) & Dr. Samantha Benghiat (HUB Erasme)
- 16 DECEMBER 2023 SEMINAR 3: ACUTE LEUKEMIA**
Coordinators: to be confirmed
- 13 JANUARY 2024 SEMINAR 4: SUPPORTIVE CARE IN HEMATOLOGY**
Coordinators: to be confirmed
- 17 FEBRUARY 2024 SEMINAR 5: TRANSFUSION & CELL THERAPY**
Coordinators: to be confirmed
- 16 MARCH 2024 SEMINAR 6: STEM CELL TRANSPLANTATION**
Coordinators: to be confirmed
- 20 APRIL 2024 SEMINAR 7: GOOD CLINICAL PRACTICE**
Coordinators: to be confirmed
- BHS EXAM: 08/06/2024 (COURSE SEMINARS 2023-2025)**

SECOND YEAR 2024-2025

- 12 OCTOBER 2024 SEMINAR 8: MYELOYDYSPLASTIC SYNDROMES AND MYELOPROLIFERATIVE NEOPLASMS**
Coordinators: to be confirmed
- 16 NOVEMBER 2024 SEMINAR 9: NON-MALIGNANT HEMATOLOGY**
Coordinators: to be confirmed
- 14 DECEMBER 2024 SEMINAR 10: HEMOSTASIS**
Coordinators: to be confirmed
- 18 JANUARY 2025 SEMINAR 11: MYELOYDYSPLASTIC SYNDROM AND BONE MARROW FAILURE SYNDROMES**
Coordinators: to be confirmed
- 15 FEBRUARY 2025 SEMINAR 12: INDOLENT LYMPHOMA**
Coordinators: to be confirmed
- 15 MARCH 2025 SEMINAR 13: HODGKIN’S LYMPHOMA & AGGRESSIVE LYMPHOMA**
Coordinators: to be confirmed
- 19 APRIL 2025 SEMINAR 14: PLASMA CELL DISORDERS**
Coordinators: to be confirmed
- BHS EXAM: 07/06/2025 (COURSE SEMINARS 2023-2025)**
