On the occasion of its 10th anniversary in Belgium, **Sobi** is happy to invite you to a conference about Rare Disease Policy in Belgium, focusing on innovation in healthcare that can help pave the way towards optimized access and care for rare disease patients.

- Are you ready to explore the **cutting-edge future of healthcare** in rare diseases, where digital technology, AI, and sustainable innovation can revolutionize the way we heal and thrive?
- Do you want to know more about the **unmet medical needs** in rare diseases that still exist today?
- Are you curious about the **opportunities and pitfalls of access** to rare disease medicines?
- And have you ever wondered why **data collection** is vital in the realm of rare diseases?

If your answers to these questions are positive, then this conference will certainly be of interest to you.
