

Haematologist - Waikato - New Zealand

Submitted on: 07/04/2018, Reference number: 2018071

End date: 07/07/2018

Location:

On the Northern Island of New Zealand lies the Waikato region, characterized by beautiful volcanic beaches, the rugged open hilly landscape and the largest active volcano in the south, Mount Ruapehu. Hamilton is the capital of this region and has about 190,000 inhabitants. The Waikato River splits the city into two parts. The city of Hamilton is known as a vibrant student city with about 40,000 students. It has a young population and consists of more than 80 different ethnic groups. The houses are cheap and the schools are good.

Job Description:

On behalf of a healthcare provider in New Zealand, we are looking for a haematologist for a full-time, permanent position.

You will join a team of 7 other haematologists, 5 registrars and 4 specialized nurses. In addition to the regular tasks, you will teach medical students, interns and registrars. Furthermore, you will participate in an on-call roster (1: 7). The clinical focus of this position lies in thrombotic haemostasis and general haematology. Your time will be divided between clinical and outpatient work. Finally, you will contribute to improving the medical services that are provided in the department.

For this position you must have excellent communication, social, leadership, education and administrative skills. At least 2 years of working experience as a haematologist is preferred.

In addition to attractive employment conditions, the employer offers support with the reallocation to New Zealand.

This vacancy expires on 7 July 2018.
