

Bi-Annual Symposium

Belgian Primary Immunodeficiencies Group

Immune tolerance breakdown in inborn errors of immunity: from pathogenesis to diagnostic and therapeutic challenges

Friday 19/4/2024

Location: Muntpunt (near Central Station) - Munt 6 – 1000 Brussels

Organized by UZ Ghent

- 13:30-14:00: Registration and coffee
- 14:00: Welcome
- 14:05-14:35: Immune tolerance in health and disease – Prof. S. Humblet-Baron (*Leuven*)
- 14:35-15:15: Monogenic defects in autoimmune deficiencies – lessons learned from lupus – Prof. A. Belot (*Lyon, France*)
- 15:15-15:45: Common variable immune deficiencies: more than only infections
Prof. Jean Christophe Goffard (*ULB Erasme*)
- 15:45-16:00: Coffee Break
- 16:00-16:40: Auto-antibodies against IFN α and beyond: cracking the code of underlying pathogenesis – Prof. A. Puel (*Paris, France*)
- 16:40-17:00: Fuel to the fire: cytokine signature in fever of unknown origin
Dr. B. Meertens (*Ghent*)
- 17:00 : Closure

Registration: www.bpidg.be
