

15 OCTOBER 2022 SEMINAR 8: MYELOPROLIFERATIVE NEOPLASMS

Coordinators: to be confirmed

19 NOVEMBER 2022 SEMINAR 9: NON-MALIGNANT HEMATOLOGY

Coordinators: to be confirmed

17 DECEMBER 2022 SEMINAR 10: HEMOSTASIS AND THROMBOSIS

Coordinators: to be confirmed

14 JANUARY 2023 EXTRA SEMINAR 11: MYELODYSPLASTIC SYNDROME AND BONE MARROW FAILURE SYNDROMES

Coordinators: to be confirmed

18 FEBRUARY 2023 SEMINAR 12: INDOLENT LYMPHOMA

Coordinators: to be confirmed

18 MARCH 2023 SEMINAR 13: HODGKIN'S & AGGRESSIVE LYMPHOMA

Coordinators: to be confirmed

22 APRIL 2023 SEMINAR 14: PLASMA CELL DISORDERS

Coordinators: to be confirmed

BHS EXAM: 03/06/2023 (COURSE SEMINARS 2021-2023)

1. PROGRAM CONTENT AND ORGANIZATION

- The aim of the course is to provide evidence-based theoretical teaching as well as practical information about the diagnosis and treatment of hematological disorders. The program is mainly based on the clinical hematology curriculum.
- The course is designed as a 2-year cycle including 7 seminars per year, covering each a major theme of hematology.
- Each seminar is divided into 4-6 topics (depending on the seminar) related to the main theme. Each topic has been carefully determined according to the EHA CV Passport.
- Seminars will take place on Saturday mornings at Hof ter Musschen (www.hoftermusschen.be) from 9:00hrs. to 13:00hrs., with a 30-min coffee break.

2. REGISTRATION

- Attendance to the seminars is free for BHS members, including trainees.
- The course is mainly designed for trainees in hematology but clinical biologists are more than welcome.
- Trainees in hematology (particularly years 4, 5 or 6 of Internal Medicine) or in Clinical Biology are invited to register on line on the BHS website at the beginning of the 2-year cycle. It is allowed to start with either seminar 1 (year 1) or seminar 8 (year 2).
- Other BHS members are welcome to attend the course without previous registration.
- A fee may be requested from non-BHS members.
- In order to further improve the seminars, attendees will also be asked to return evaluation forms.

3. TEACHING MATERIAL

- PowerPoint presentations and recordings will be available online after each seminar.
- Trainees and BHS members are also encouraged to use the EHA Confolio, a social Network designed to interact with other hematologists and exchange scientific teaching material

4. EVALUATION & CERTIFICATION OF TRAINEES

- An examination will take place every year in June, covering the seminars of the last 2 years
- The examination will consist of a multiple choice questionnaire based on the questions provided by each speaker.
- It will mainly focus on the clinical hematological knowledge.
- An official certificate of qualification will award the successful trainees if they have passed the examination with at least 60% (50% for biologists).
- At present, the heads of the hematology departments of our universities are free to endorse the BHS examination as their official end of training examination. In the future, this examination may become an official requirement for obtaining the special competence in hematology.

**BHS TRAINING COURSE
AND SEMINARS
2021-2023**

FOREWORD

The BHS training course and seminars have been offered for many years to individuals interested in the practice of clinical and laboratory hematology.

Over the past years the BHS training course and seminars were a great success. Each two years the board of the BHS tries to adapt the BHS training program in order:

- To provide up-to-date continuous education to clinical and laboratory hematologists in training, experienced hematologists as well as to other interested individuals.
- To match the European requirements, published by the EHA as the "EHA CV passport" (<https://ehaweb.org/education/european-hematology-curriculum/>) and endorsed by the national societies.

In this brochure you will find the 2021-2023 program as well as practical information on the course organization, registration, teaching material, evaluation & certification of trainees.

Looking forward to meet you at the seminars!

Prof. dr. Ann Janssens
BHS President

FIRST YEAR 2021-2022

16 OCTOBER 2021 SEMINAR 1: LABORATORY HEMATOLOGY

Coordinators: to be confirmed

13 NOVEMBER 2021 SEMINAR 2: RED BLOOD CELL DISORDERS

Coordinators: to be confirmed

18 DECEMBER 2021 SEMINAR 3: ACUTE LEUKEMIA

Coordinators: to be confirmed

15 JANUARY 2022 SEMINAR 4: SUPPORTIVE CARE IN HEMATOLOGY

Coordinators: to be confirmed

12 FEBRUARY 2022 SEMINAR 5: TRANSFUSION & CELL THERAPY

Coordinators: to be confirmed

12 MARCH 2022 SEMINAR 6: STEM CELL TRANSPLANTATION

Coordinators: to be confirmed

23 APRIL 2022 SEMINAR 7: GOOD CLINICAL PRACTICE

Coordinators: to be confirmed
