BELGIAN MDS GUIDELINES:

from clinical study to daily practice

Saturday
23
November

9:30

HOF TER MUSSCHEN

(WOLUWE-BRUSSELS)

Dear Colleague,

The Belgian MDS Guidelines that have been developed by the MDS subcommittee offer further guidance on how to optimally diagnose and treat your patients. Indeed, over the last years, progress has been made in the diagnosis of MDS, as well as in the possible treatment options.

I am very happy to invite you to the MDS symposium: "Belgian MDS Guidelines: from clinical study to daily practice", in order to present these guidelines. During this symposium, with a large number of interesting speakers we will touch upon the key points of the Belgian Guidelines publication and provide a forum for discussion. The sessions will be animated by Pr. Michel Delforge and Dr. Stef Meers. Additionally we will have the honor to welcome Pr. Fenaux.

Kind regards,

Prof. dr. Lucien Noens

Accreditation requested. Supported by an unrestricted educational grant from Celgene

09:30 Introduction (*dr. Lucien Noens and dr. Stef Meers*)
09:40 Diagnosis & Prognosis (*dr. Greet Bries*)
10:00 Transfusion or Growth Factors? (*dr. Lucien Noens*)
10:15 Iron overload (*dr. Dominik Selleslag*)
10:30 IMiD's (*dr. Michel Delforge*)
10:45 Immunosuppression (*dr. Stef Meers*)
11:00 Treatment algorithm lower risk MDS
(*dr. Stef Meers and dr. Michel Delforge*)
11:15 Coffee Break

11:30 Hypomethylating agents (*dr. Stef Meers*)
11:45 Chemotherapy (*dr. Dimitri Breems*)
12:00 Stem cell transplantation (*dr. Carlos Graux*)
12:15 Treatment algorithm higher risk MDS
(*dr. Stef Meers and dr. Michel Delforge*)
12:30 Newest developments in MDS (*dr. Pierre Fenaux*)
13:15 Discussion and Closing Remarks
(*dr. Stef Meers and dr. Lucien Noens*)
13:20 Walking dinner

Animated with case presentations, voting & discussion by dr. Stef Meers & dr. Michel Delforge
